Work experience

OSTM LTD, Manchester — Founder
September 2018 - PRESENT
I had to develop a website, build and manage servers, manage music, edit music, write blog posts and update social media on a semi-weekly basis.

Projects

OSTM — Creating a business
I did a youth group project where the goal was to work as a group to create a radio show which would be broadcasted live each week. With what I had learned from that and what I knew from computing, I was able to start my own radio station. With this I coded a website ostm.co.uk, where I broadcast my own radio show.

Unity Radio, NGY — Radio Production
A radio station based in Manchester called unity radio joined young people together to create a weekly radio show. With this I learned how to work better in groups and to work in the music industry.

Education

Salford Youth Partnership, Salford
July 2022 - November 2022

Understanding Diversity - AQA Unit Award
Computer Science: Game Maker - AQA Unit Award
Designing Computer Games - AQA Unit Award

Introduction to Internet Based Radio Production - AQA Unit Award

Chorlton High School, Manchester
September 2016 - July 2020

GCSE Mathematics - Grade 5
GCSE English - Grade 6
GCSE Science - Grade 4-5
GCSE Computer Science - Grade 8
GCSE Music - Grade 5

About Me

I am Alek, currently a student studying a Level 3 BTEC Triple Award in Game Design. In addition to being technically oriented, I am also driven by my work. During my free time, I focus primarily on my personal projects, such as my radio station, which I run during the week.

Awards

NCFE Level 2 Certificate in Radio Production

Repl.it Horror Game award
Repl.it are a company where you can create code and share it with others. I was part of a competition where I must create a horror game in a week. With this I created a game which came first in over 2000 people.

Skills

Time management
Computing
Games Development
Web Development
Problem solving
Music composition and development
